Maize / Corn Blade

WARRIOR 12FT  
Smallest Warrior in the range

## TRITON Lightweight Silage Forks

The Triton range was designed with a HARDOX super lightweight chassis, thus making the Triton the most versatile silage fork on the market.

## WARRIOR Heavy Duty Silage Forks

The Warrior Range silage forks are known as the contractors choice. With its incredibly strong HD design, it can withstand today's tough agricultural contracting environment.

### Key Features:

- ▶ Hinge point press in replaceable high tensile steel bushings
- ▶ HD one piece chassis for extra strength and wear life
- ▶ Removable see through headboard as standard
- ▶ Wing lock in pins for road transport
- ▶ Torque bolted hinge points
- ▶ Bottom rounded tine wear shoes
- ▶ Counter balance load hold valve for locking of hydraulic cylinders

Model	Working Width	Capacity	Weight	Tine Length
TRITON 10FT	10ft/3.0m	6.1m <sup>3</sup>	810kg	5ft / 1.5m
TRITON 12FT	12ft/3.6m	7.1m <sup>3</sup>	1000kg	5ft / 1.5m
TRITON 14FT	14ft / 4.2m	8.2m <sup>3</sup>	1250kg	5ft / 1.5m
WARRIOR 12FT	12ft/3.6m	9.0m <sup>3</sup>	1550kg	6ft/1.8m
WARRIOR 14FT	14.4ft/4.4m	10.2m <sup>3</sup>	1780kg	6ft/1.8m
WARRIOR 16FT	16ft/5.0m	12.2m <sup>3</sup>	2100kg	6ft/1.8m

## FALCON Pushoff Buckrake is a heavy duty buckrake designed for powerful tractors and loaders to efficiently handle chopped material.

MDE's Falcon range is the market leader for having the highest standard specification, it can handle high quantities of forage material and carry it up the pit with ease. Falcon Pushoff Buckrakes can be used on tractors or loaders. This is the ultimate pushoff fork to not let your operation down in high demand.

MDE offers two versions of the Falcon Pushoff Buckrake, a rigid model and a folding model, with a total of 5 widths. This makes the MDE Falcon suitable for a wide range of tractors & loaders. With a deep understanding of the agricultural market, MDE has designed a heavy-duty fork that is incredibly capable of withstanding today's fast-paced contracting environment.

### FALCON Features:

- ▶ HARDOX® Tines
- ▶ Solid Steel Pushoff Gate
- ▶ 50 / 50 Equaliser Valve
- ▶ Double Side Tines
- ▶ Wear strips under chassis
- ▶ Soft Close Cylinders

Model	Folded Width	Tine Length	Tine Thickness	Fork Height	Capacity	Weight
FALCON 10FT	-	1600mm	40mm	1740mm	6.1m <sup>3</sup>	1500kg
